### Dole's Cabinet.

The weekly meeting of the governor's "cabinet" took place yesterday. The Attorney-General was instructed to draw the necessary papers to present in the Courts in which the government will ask for the cancellation of the Hawaiian Tramway Company's franchise.

Mr. Cooper read the comparative statement by the auditor of expenses for the months of January and February of 1900 and 1901. Mr. Lansing read an application from Hoffschlaeger & Co., asking for a dealers' license, in lieu of their wholesale liquor license, which expires in a short time. Action was deferred until the matter can be looked into.

The application of Hackfeld & Co., for a wholesale liquor license at Lahaina was refused.

Mr. Cooper brought up the question of the number of days the Legislature will sit. It was the impression of the meeting that the law was quite plain on that point, and that all days should be counted, except Sundays and holidays.

## TOPICS OF THE DAY.

The Fire Claims should have the immediate attention of the Legislature, and the demands of the poor men who suffered through the absurd action of the Board of Health should have a chance to get redress. The Gillfillan bill is simply absurd, and it seems as it was framed simply for the purpose of delaying matters. Business have been selected by the different races of property owners, and their estimates of the individual losses ought to be a sufficient base upon which the Legislature can honestly act. Let the sufferers get the value of their burned homes even if sugar has to be taxed \$18.50 per ton.

### To Extend Fort Street.

The following petition has been widely circulated and signed by many prominent property holders:

To the Legislature of the Territory of Hawaii: Your petitioners respectfully represent that the extension of Fort street above School street, in Honolulu, was provided for by an Act of the Legislature of the session of 1896, and again provided for in the session of 1898.

That the extension of the said street, according to the intention of the Legislature, would have greatly benefited a great number of owners of small kuleanas, and would have opened upon a considerable house-lots, and thereby adding largely to house lots, and thereby aiding largely to the taxable valuation of the property of the City of Honolulu.

That said extension will be a great public improvement to the City of Honolulu, inasmuch as Fort street, the principal business street of the City, is entirely too short for business requirements.

That inasmuch as the Executive has apparently refused to comply with the wishes of the Legislature as expressed in said Act, your petitioners pray that a suitable sum be appropriated for the extension of said Fort street above School street, the work on same to begin forthwith.

### Pioneer to the Front.

A sale of 643 shares of the Pioneer Mill Company stock was recorded on the Honolulu Stock and Bond Exchange Saturday, Robert Shingle selling to Harry Armitage. The price was 117½ per share, the total amount being \$76,552.50. Broker Armitage has been a heavy buyer of Pioneer Mill shares in the past two weeks.

### He Takes Cards.

J. Akina, the genial Speaker of the House sent the following note to the press table on Saturday:

Gentlemen: I was agreeably surprised at receiving a package of cards bearing my name as Speaker of the House of Representatives of the Territory of Hawaii, and desire to thank the members of the Press of this young Territory for their courtesy. The cards are very neat. I hand you each one of the cards.

JOSEPH A. AKINA,  
Speaker of the House.

### At the Mint.

On March 16, there will be a meeting of the directors of the Mint, to discuss the question of coinage, and the size of the equivalent to be poured out for a quarter. The stockholders are requested to meet later on in the new beer garden, back of the Mint, and there express their views on dividends and reserve funds. The President hopes that there will be a full attendance.

## KAPIOLANI TRACT FOR SALE.

The Kapiolani Tract extends from King street to the Beach. A road 60 feet wide will be opened on the east side of the property adjoining the Kamehameha Girls' School; said road will extend to the sea.

Cross-roads will be opened between blocks. Every lot will have a frontage on a road. The elevation varies from forty feet high to ten feet high above sea level.

No swamps around the premises. No freshet will enter the property.

There is an offer to buy a part of the property by a great manufacturing company. The chances are the offer may be accepted. There is every reason to believe that the prices of lots will increase in a short time. The owner of the property will give all chances to purchasers to make money on their investments.

The ground is superior to any tract in the market.

The premises are situated within one mile and a half of the Post Office.

The Government water pipes are laid along the upper portion of the property.

The prices are the cheapest of any tract within two miles from the center of the city.

The terms which will be given to purchasers will be the best ever given by any real estate dealer or broker during the last twenty years in Honolulu.
